Guys, please see details from my meeting just now for convoy, expected to continue into tomorrow:

- \* Not all blocks are the same
- \* Nothing much expected this week in Senate buildings, they only sit next week – SCB, RCR little action
- \* C/J, Hill we will need more staff – 1 PFO/PFM on-site, skeleton staff, need overnight shift Monday night overnight to Tuesday (OT), 1 per portfolio – same as weekend – need names and phone #s
- \* Standby continues as normal
- \* For tomorrow, same schedule as last week – overnight need to stay till 6am
- \* Small trades crew will be on-site tomorrow all day; overnight Monday night - will have 1 of each trade to Tuesday morning
- \* Like Friday, need strong PFM or AM on each side tomorrow
- \* People have been recommended not to come downtown tomorrow – (Ottawa Police)
- \* Recommended to enter before 8am
- \* Cancel construction tomorrow; postpone any site visits, small PFO work – limit people presence
- \* Plan for possibility of continued overnight shifts beyond Tuesday am, in case
- \* 175 MPs expected tomorrow – s.37
- \* s.37
- \* RCMP is working on that plan, we are just supporting, we don't yet know details
- \* Cory was asked to coordinate some of this – some graffiti – Victoria, FUSE, nothing major; he might enter tomorrow to tour with "beautification" eyes
- \* Public WR on the Hill are now closed, people are peeing everywhere with restaurants closed, etc.
- \* We are trying to bring in a contractor overnight to spray-wash and salt the PPB building vestibules
- \* Cleanmatters is cleaning what they can
- \* We might be locking buildings tomorrow – not sure yet. s.37 will need an attendant.

### So I need the following information about tomorrow please, ASAP:

- \* Manager to be on-site tomorrow all day for North side: Les has offered; we can have 2
- \* The PFM/PFO attending tomorrow on-site for your portfolio (Les for Hill)
- \* Skeleton crew of BSTs to keep buildings operational during the day

- \* The BST to work from Monday 6pm to Tuesday 6am on OT (name and phone #)
- \* BST who could work Tuesday 6pm to Wednesday 6am on OT if needed (name and phone #)
- \* BST(s) to stay on-site to 6pm so we have presence until overnight shift arrives
